

Mobile price analysis

The image is an abstract composition of geometric shapes. On the left is a large orange triangle pointing upwards. In the center is a horizontal brown bar. Above this bar is a light orange rounded rectangle containing the text 'Mobile price analysis'. To the right of the bar are two triangles pointing left: a dark brown one above and a light orange one below. On the far right is a vertical orange rectangle. All shapes have a thin blue outline.

Three solid blue rectangular bars, each slanted at an angle of approximately 60 degrees from the horizontal. They are arranged horizontally and are of equal length and height.

A horizontal line segment is shown on a blue background. At each end of the segment is a white circle with a black outline, representing a point. The left circle is labeled with the letter 'A' and the right circle is labeled with the letter 'B' in a black sans-serif font.
